Teaching & Learning Goals, 2008-2011
Revised October 2008

Goal 1: CURRICULUM - Define and implement a consistent and coherent Pre K-12, standards-based, technology-enhanced curriculum that teaches essential skills and key concepts as well as creative and critical thinking for the 21st century.

Goal 2: INSTRUCTION - Improve achievement of all students by engaging teachers as instructional leaders, and deepen student understanding with new strategies and tools for teaching and learning.

Goal 3: ASSESSMENT - Improve instructional practice and learning outcomes with data-driven decisions, using both formal and informal assessments.

Goal 4: DISTRICT, COMMUNITY & GLOBAL CONNECTIONS - Improve and expand connections PreK-12 with community and global resources and partnerships.

Goal 5: PROFESSIONAL DEVELOPMENT - Provide effective and focused professional development that ensures time and structure to implement departmental goals.
