

Watertown Public Schools

Parent Permission for

Student Publication on the Internet

During the school year, students attending Watertown Public Schools will be creating many different projects, some of which will appear on district, school, and classroom web pages. These projects will pertain directly to the curriculum. These give students the added incentive to produce excellent work that is published for others to see. These projects may include the student's voice, photos of the student, videos of the student, student illustrations, and student thoughts and ideas. We will only include the student's first name with his or her work.

If you have any objections to your child's work being published on the Internet, please check each box below, sign, and return this page to your child's teacher. If you have no objections, please leave the boxes empty and sign the sheet and return it to the teacher. Thank you.

~~~~~  
Please sign and return this page to your child's teacher. Please check each box if you **do not** wish your child's work to be published.
